

EA-KC2 Series Membrane Keypad Access Controller

Electronic access

- **Simplified, secure access management**
- **Attractive, customizable membrane style keypad**
- **Programmable to accommodate multiple access arrangements**
- **Direct integration with electronic locks**
- **Controls up to two compartments independently**
- **Sleep mode for minimal power draw**
- **Up to 120 user codes**
- **LED indicators for keypad status & programming**

The Membrane Keypad Access Controller simplifies access management with keyless entry in a self-contained unit. Designed to accommodate industrial equipment needs, the Membrane Keypad is easily customized and can be simply adhered to a door or frame. The remote controller can be mounted anywhere inside a cabinet and provides two outputs for independent control of two separate compartments. Flexible and easy to use, it can be customized to accommodate any look, shape or feel.
